

MAYANK KATIYARA

COMPUTER ENGINEER.

ABOUT ME.

I am passionate about applying theoretical knowledge to real-world challenges. I am eager to contribute my skills in software development. My academic projects demonstrate problem-solving abilities and a keen interest in emerging technologies. A quick learner and a team player, I am seeking an entry-level position where I can leverage my technical skills and contribute to innovative projects in a dynamic environment.

PROJECTS.

Portfolio Website.

- Developed an portfolio website using HTML and CSS.

Campus Map.

- I collaborated with a team member to create a dynamic Campus Map website using HTML, CSS, JavaScript, and Bootstrap. The website features an interactive map of the campus, utilizing HTML's structure, CSS for styling, and JavaScript for interactivity. Bootstrap was employed for a responsive and visually appealing design.
